**S**ziksóstó lies in the southern part of Hungary, not far from Szeged. The three-acre grounds offer a quite atmosphere with lush lawns and sunny meadows. Its tranquil lake is stocked with fish, and is a delight for swimming and water sports.

Sziksóstó was established in 1987 by Natours KFT which purchased a run-down Sziksóstó Naturist Camp from a local Water Works. Since then there have been many improvements which include hot and cold showers, 24 sites with electric hookups, and bungalows with Ikea furniture that accommodate up to four guests. A satellite antenna, connected to a large-screen TV, brings in the rest of the world, and various international newspapers and magazines are also available.

For the sport-minded there is volleyball, turul, football, Hungarian bowling, ping pong, swimming and surf riding. The use of sport gear is free. Two

tennis courts are planned for 1991.

A 24-hour snack-bar and a 24-hour cafeteria guarantee that you never lack for food and refreshments. Currency exchange is also available on premises. In the evenings Hungarian goulash is cooked in kettles on an open fire.

The KFT, in cooperation with inter-

national naturist organizations organizes different programmes in 1991. A Fine Arts naturist gathering will be held here from June 15 to 22. The first week in August is set aside for the EEDC Gathering which consists of cultural and sport events. August 10 to 17 will be the Fourth International Sport Meeting which is now organized each year.

While in Hungary, you can also visit Szeged. There are numerous cultural programs during the summer. One of the most popular of these is the performances in the Open-Air Theater.

For the entrepreneur, there is also still ample opportunity to purchase partnerships in Sziksóstó Naturist Camp.
